

GAME DESCRIPTION

At the heart of a lively fairground stands a grand target that attracts the boldest archers. Legend says only those with sharp focus, a steady hand, and a bit of luck can strike the very center and claim the biggest prize. Draw the bow, take your aim, and release the arrow — every shot could change the outcome. Do you have what it takes to hit the most rewarding sector of the target?

With maximum wins of up to €25,000 per round, every arrow could unlock a massive reward. In Aim & Win, choose your Bet per Arrow, select the Number of Arrows, and pick a Risk Level — Easy, Medium, or Hard, each offering its own multipliers and win potential. Every arrow has an independent result, meaning any shot can land a powerful multiplier.

Engage Turbo Mode for lightning-fast rounds or trigger Autoplay to keep the arrows flying and the action going.

Take your shot, trust your aim, and claim your shot at glory!
