

# AIR BOSS

Meet AirBoss, a brand-new game from Platipus that allows you to take control of a virtual aircraft! Experience the thrill of soaring through the skies, placing bets as you ascend higher and higher!

But exercise caution – you must jump off the aircraft before it enters hyperspace!

Your winnings are calculated by multiplying your bet with the coefficient shown on the screen at the precise moment you choose to jump off. However, you can only win if you cash out before the aircraft vanishes into thin air!

To kick off your adventure, simply push the “Place Bet” button. You have the option to place up to two bets simultaneously: either two bets on the current game, two bets on the next game, or one bet on each game. Keep in mind that once the game has begun, additional bets cannot be placed on the current game.

As the game begins, watch as the aircraft ascends on your screen. Feel the rush as you decide when to cash out before it’s too late! When you’re ready to claim your winnings, hit the “Cashout” button and secure your earnings.

Prepare yourself for high-flying thrills! Pierce the air and conquer the skies with AirBoss!
