

In Bingo Destiny, the numbers don't just fall — they're played by the Joker himself. Mysterious, unpredictable, and always watching, he's ready to twist your bingo game into something unforgettable.

Every ticket is a chance. Every line you complete pulls you deeper into his game. And when you're just one number away, the Joker tempts you with Extra Balls — up to 11 chances to seal your win, each one priced by your odds.

But the real magic? The Joker Ball — a wild card you can control. Choose its number and watch it match across all active tickets. In AutoPlay, the Joker picks the number that brings you the biggest win.

Then comes the ultimate trick:

Hit a pattern within the first 26 balls and trigger the Jackpot — 4000x your bet. But only if you're bold enough to play with all 6 tickets active.

The Joker's got a few tricks up his sleeve... Dare to play — and he just might deal you a win!
