

GAME DESCRIPTION

Great fortune and exciting features await you in this new Platipus game – Da Ji Da Li.

It has never been easier to prosper!

We have changed some features to give you a simplistic yet engaging experience. The number of paylines has been reduced to 10, but at the same time they get triggered from both left and right outermost reels. As such, one of the four Jackpots, the Mini Jackpot, can be triggered twice!

As Da Ji Da Li (大吉大利) is a Chinese saying that is often used to congratulate others and wish them good luck, this is why we decided to make Wild symbols double the winning from the payline they are part of.

Prepare your bags for golden coins and set out for prosperous adventure with this marvelous game!
