

GAME DESCRIPTION

Look at this explosion of color, ripe fruit mix falling out of the sky!

There seems to be enough to stretch out a hand and catch these sweet treats, but a bit of advice: it's better to grab something large and volumetric for that!

And all because, besides numerous fruits, you also have a chance to harvest huge winnings, incredible bonuses, and stunning impressions in the vivid world of the juicy game «Fruits Boost»!

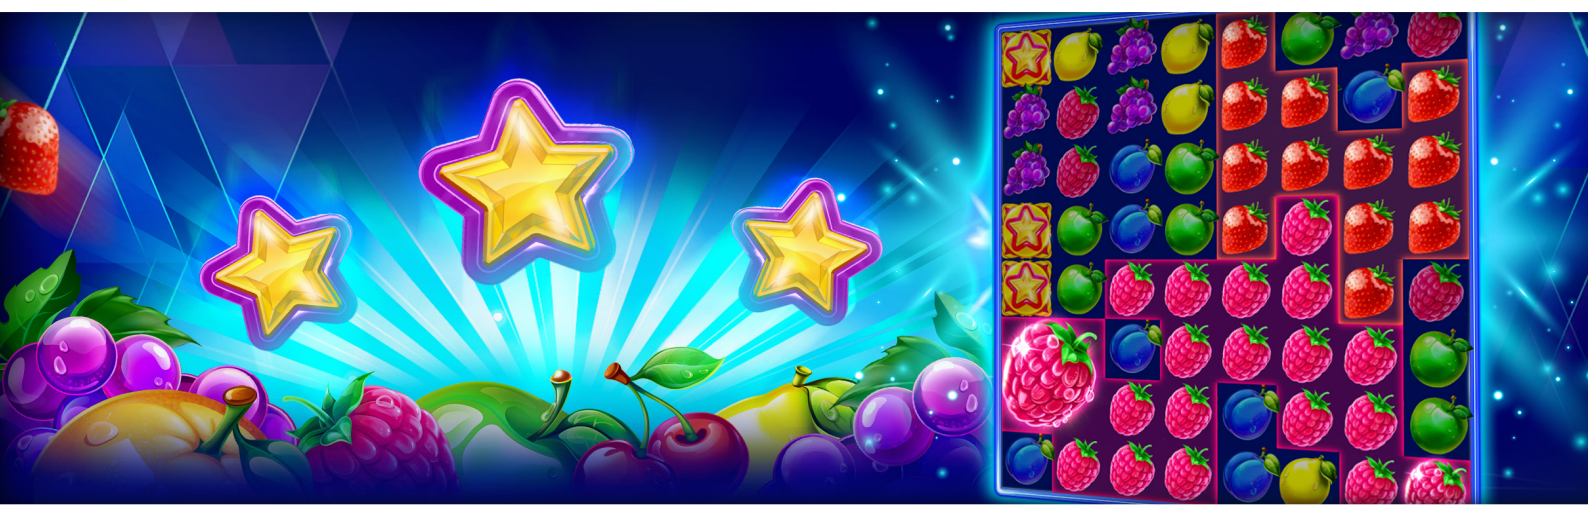

This fruity paying-in-blocks game is full of bonus features to make your experience as rich as a taste of orange!

One of the ways to get a bonus is by using the Frozen Blocks feature. It is triggered if at least one winning block appears on the reels. Thus, you can double your win if Frozen Blocks completely fill the screen!

Fortunately, this explosive cocktail of bonuses is not finished yet, and you will have another extra option - Power Up feature. This one can appear during the Frozen Blocks feature and help you to get closer to the win by updating a random winning block to improve it!

You will also have more chances to catch your luck with the help of the Fruit Boost Feature, which transforms the winning block into a Superfruit. So this insanely colorful game will not leave you disappointed!

Let's brighten your day with sweet and fresh fruits in the fascinating game - «Fruits Boost»!
