

## GAME DESCRIPTION

Join Ivar the Viking on a mining adventure to collect precious gemstones in the new game release “Minerz” by Platipus!

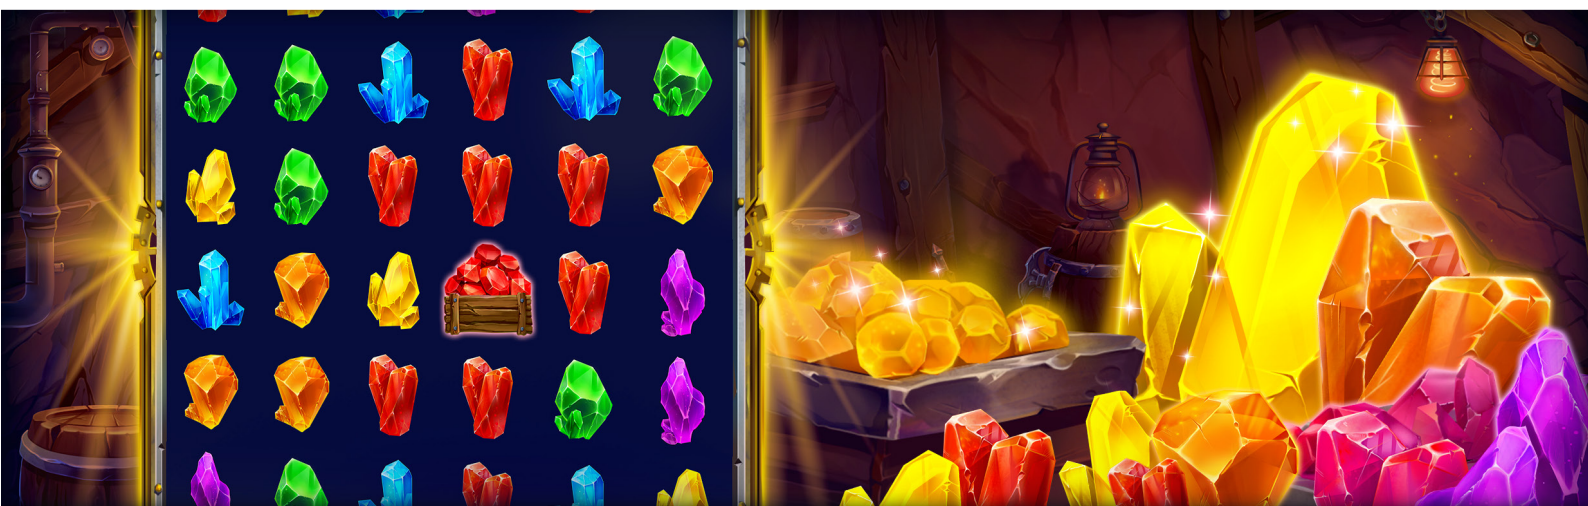

Ivar is an explorer who delves deep beneath the mountainside to unveil magical crystals, gems, and treasures amidst the deep mines that behold them!

But why is Ivor hunting for these gemstones? All of them have huge magical power and it’s easy to believe!

Try to use Upgrade Feature, which can highly improve your game! With the Upgrade feature, you can combine winning blocks to form a single symbol and earn a Respin. If there are multiple winning blocks present, they will be compressed into separate compound symbols and each will occupy one position. The new compound symbol will show a multiplier equal to the number of symbols compressed!

One of the exciting rewards in this slot is Free Spins. To activate this feature, you need to hit at least 3 Scatter symbols during regular play. Getting 3 Scatter symbols will give you 8 Free Spins, and each additional Scatter symbol beyond the first 3 will grant you an extra 2 Free Spins!

Explore with Ivar on the “Minerz” adventure today to unveil the hidden treasures that await on your journey!
