

GAME DESCRIPTION

The ancient world is full of secrets that have puzzled historians and archaeologists for centuries. But now, a new slot game called «Mystery Stones» offers a unique opportunity to explore this fascinating era and uncover its hidden treasures!

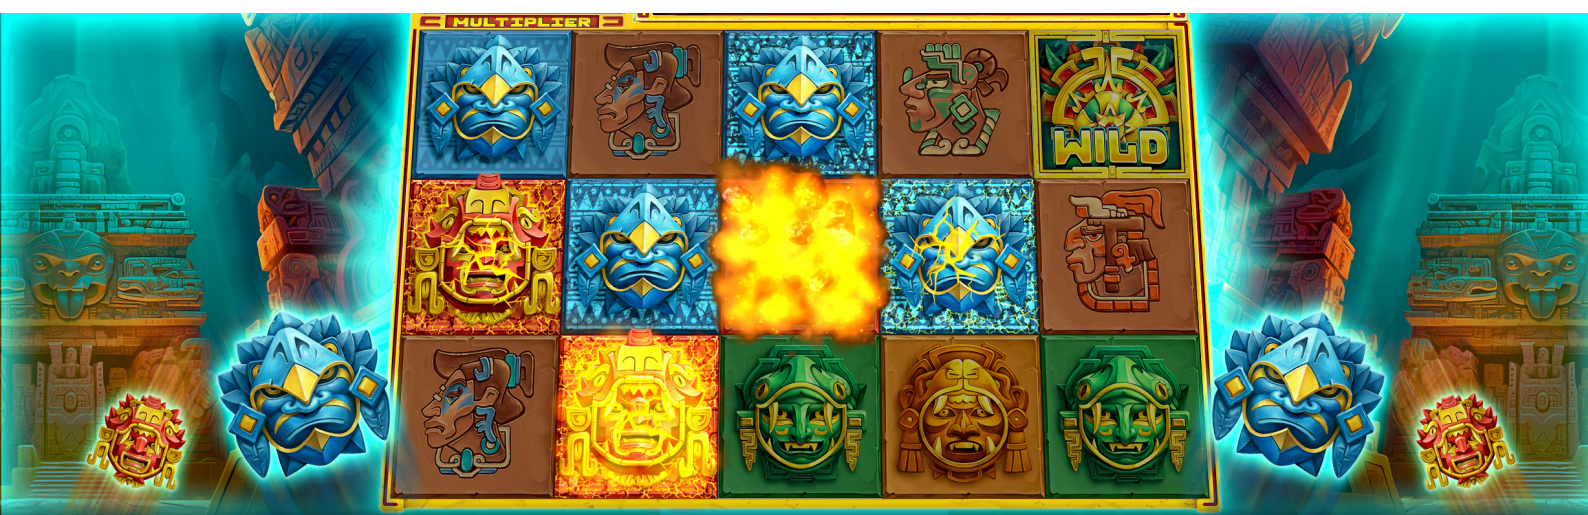

In this game, you will discover the power of special gemstones that can be used as magical charms. These gems have been hidden away for a long time, waiting for someone to uncover their secrets.

As you embark on your journey, you will face various challenges and obstacles that will test your skills and abilities. However, if you manage to overcome them, you will be rewarded!

For instance, landing 3 Scatter symbols on the first, second, and third reels will unlock 10 Free Spins. Repeating this during Free Spins will grant you another 10!

Moreover, if you win multiple times in a row during one spin because of the cascading effect, you'll trigger the Avalanche Multiplier. Each win after the first one will get a higher multiplier, up to X5 normally and up to X15 during Free Spins.

So, are you ready to embark on this thrilling quest and claim your place among the legends of the ancient world? Don't miss your chance to experience the magic of «Mystery Stones» by Platipus!
