

GAME DESCRIPTION

Having just returned from mysterious adventure in the lush American jungle Platipus sets out on a new adventure into the uncharted territories of ancient east.

«Here be dragons» is not just a cautionary mark on a map, for many it is a promise of great adventures and even greater riches!

What's more, according to legends this is where the ancient Dragon Kings reside... And since these are so rare, it doesn't matter what kind of them you find. Should you hit three of them, even of different colours, you are guaranteed to get a mixed payout at the least. And should you find a legendary Red Dragon, which serves as Bonus symbol, not only you will be awarded with a respin, but all the upcoming dragons during that Respin will be of the same color, increasing your chances to win big even further!

So what are you waiting for? Get your Dragon hunting gear ready and join Platipus on the magical adventure in the newest game 9 Dragon Kings.
